ESCAPE TEAM ONLINE is the most fun when played with 2-6 players. Gather your friends in three different locations, which should be connected through a video call.

Every mission has different phases. The solution code of each phase must be entered in the ESCAPE TEAM app, in order, beginning with phase 1. However, we recommend to spread all of the mission’s pages on the table, working on them together in parallel.

Start your video call. TEAM ALPHA starts the ESCAPE TEAM app. The game’s story is told through audio messages and sounds will notify you of new clues, so activate sound* on your device.

* Should you be using an iPhone, make sure to also bring the ‘mute switch’ on the device’s side, right above the volume buttons, into the ‘sound activated’ position.
